SKILLS

Leadership / Teamwork:

Within my role as Manager, I've learned the importance of teamwork and the value each team member adds, as well as the importance of good leadership in any team. I take my role as leader seriously and believe in encouraging and motivating my team as well as setting the example.

Programming Languages:

Proficient in Python. Experience in developing algorithms for data analysis, robotics, and automation.

Robotics and Automation:

Expertise in designing, building, and programming autonomous robots using platforms like Raspberry Pi. Skilled in integrating sensors, actuators, and control systems for robotics applications.

Communication:

Throughout my studies and work experience, I've worked on my ability to communicate in a clear, concise, yet professional manner. I am able to convey instructions in an articulate and straight to the point manner to minimize room for misunderstanding and errors.

Problem-Solving and Analytical Thinking:

Adept at identifying problems, analysing data, and developing innovative solutions. Strong critical thinking skills with a focus on continuous improvement.

EDUCATION AND QUALIFICATIONS

Tertiary Qualification 1: Bachelor of Science in Information Technology (Robotics)

Institution: Eduvos

Duration: 3 years

Status: In Progress (Expected December 2024)

Focus Areas: Robotics Programming, Control Engineering, Python Robotics, Machine Learning Algorithms, and more.

Tertiary Qualification 2:

Bachelor of Science in Information Technology (Data Science)

Institution: Eduvos

Duration: 3 years

Status: In Progress (Expected May 2025)

Focus Areas: Data Analysis, Machine Learning, Statistical Reporting, and more.

Portfolio Website: <https://dylankennedyportfolio.cloud/>

Secondary Qualification: National Senior Certificate

Obtained from: Overkruin High School

Year obtained: 2020

ADDITIONAL TRAINING

- CompTIA A+, IT Academy, February 2023.
